

AADITYA GUSAI

Haryana, India | github.com/simpaaditya29 | ravinderaadityagusai@gmail.com

EDUCATION

Gurugram University <i>Bachelor of Computer Applications (BCA) — Ongoing</i>	Haryana, India
Senior Secondary (12th Grade) <i>Percentage: 50%</i>	Completed: 2025
High School (10th Grade) <i>Percentage: 75%</i>	Completed: 2022

EXPERIENCE

Skillairo <i>Machine Learning Intern (Python)</i>	Remote
- Developing customer segmentation models and optimizing machine learning algorithms. - Processing and manipulating large-scale datasets using Python and Pandas to extract actionable insights.	

PROJECTS

Onyx Chess Engine <i>Python, Pandas, AI Agents, Stockfish</i>
- Engineered a self-improving, interactive chess training application leveraging the Stockfish engine and Maia neural networks. - Integrated custom evaluation metrics to analyze player accuracy, classify tactical missteps, and generate analytical reports.
PitchPulse-AI <i>Python, SQL, Pandas, Machine Learning</i>
- Built an advanced data analytics platform designed to process datasets and run clustering models. - Generated structured analytical visual reports for data-driven decision making and performance tracking.

TECHNICAL SKILLS

Languages & Databases: Python, C, SQL
Libraries & Tools: Pandas, Machine Learning, AI Agents, REST APIs, Git, GitHub, VS Code

INTERESTS & HOBBIES

Active competitive chess player, dedicated acoustic/electric guitar practitioner, and avid music listener.
